

STUDENT WELLBEING

IF YOU ARE WORRIED ABOUT YOUR CHILD, WHAT CAN YOU DO?

Ask to see the Principal or the teacher who is in support of your child. You can speak privately about any concerns you may have, knowing that you will be supported by the Principal and other school staff.

Let them know if you would like to have support of the Anangu Coordinator with you while you talk, as you might feel that it would be easier if they are there with you.

Come to the school and talk with us so the concern or worry doesn't get bigger.

We aim for Fregon Anangu School to be a safe, supportive learning environment where students feel supported with both their learning and wellbeing.

Some examples of concerns include:

- Your child's health
- Your child's hearing
- Your child's behaviour and you need help
- Your child's learning
- Getting your child to school
- Bullying
